CAREER OBJECTIVE

I hold the status of a graduate from Ligao National High School and have currently pursued studies at Bicol University Polangui Campus, specializing in Bachelor of Science in Information Technology. I am currently in search of employment opportunities wherein I can effectively apply the knowledge and skills acquired during my academic journey for ongoing personal and professional development. My objective is to contribute to the enhancement of any organization I become a part of, while also addressing the unique requirements of clients through the application of my expertise.
